**Over 25 Vendor
Stations Available**

**Lunch & Refreshments
Provided**

Who: School maintenance/facility officials, city/county maintenance officials and related vendors you are cordially invited to our Annual 2008 School Maintenance Workshop & Trade Show.

What: A workshop for anyone working in positions that are related to facility maintenance operations and or construction. The workshop will include various presentations and vendors presentation booths. Lunch will be provided for registered participants and door prizes will be awarded at the closing.

Why: Two reasons- First it provides us, (*school districts & related vendors*) the opportunity to **network** with others involved in the challenges of maintaining their facilities, listen to pertinent presentations and visit with vendors that support our mission. Also, the money raised will be used to provide scholarships to students in maintenance related vocational programs at TSTC and STC. Additionally, scholarships will also be awarded to employees and or their family members of registered school districts.

Time: Sign In 8:00 to 8:30 am, Opening Remarks at 8:45 am

SPACE IS LIMITED SO SIGN UP TODAY!
